**Reasoning**

Ford's board was not operational and ready for the demonstration.  
Proper file hierarchy not used.\*  
Component justification spreadsheet.\*\*  
User application naming.

**Comments**

\*  
Manual specifies that `esos_menu.c` and `esos_menu.h` should be used for soft menu code.  
\*\*  
I need to see links to datasheets as necessary in the justification field.
